Cat5e Ethernet Internet Cables

RJ45 plug to RJ45 plug

Product Description

Connect your computer, Blu-ray™ player, Smart TV or HD games console to your Internet router or RJ45 wall outlet. Superior cable design for a wide range of PC and AV equipment, delivering enhanced data transfer rates and performance

Features & Benefits

- All purpose Internet data cable used in a wide variety of applications for both Computer and Audio-Visual equipment
- Connects a Desktop of Laptop PC with RJ45 port to a wired network or directly to an Internet router
- Ideal for the latest generation of AV devices requiring a wired Internet connection such as a Blu-ray™ player (BD Live), Smart TVs and online HD Consoles services (XBox Live®, PlayStation Network®)
- 24K gold-plated contacts for the best data transfer
- Up to 100Mbps data transfer rate
- Oxygen Free Copper (OFC) conductors minimises signal loss and distortions that can reduce data speeds
- UTP straight wired construction conforming to TIA/EIA 568 standards
- PVC outer jacket protects internal conductors from wear-and-tear with integral strain relief jackets
